"Adds Value"

coante
Quality Solutions

Coante brings natural elegance to the industry with its long-vein quartz surfaces produced using advanced Italian technology.

With a young and dynamic spirit, the brand focuses on quality, sustainability, and innovation, offering meaningful growth and high customer satisfaction driven by global ambition.

Designing the future through purposeful innovation.

At Coante, Research & Development plays a key role in shaping products and improving production processes, with a strong focus on continuous quality enhancement.

Our interdisciplinary R&D approach, inspired by evolving design trends and lifestyles, influences everything from surfaces to colors and collections, guiding the design world of tomorrow, starting today.

EMOTIONAL COLLECTION

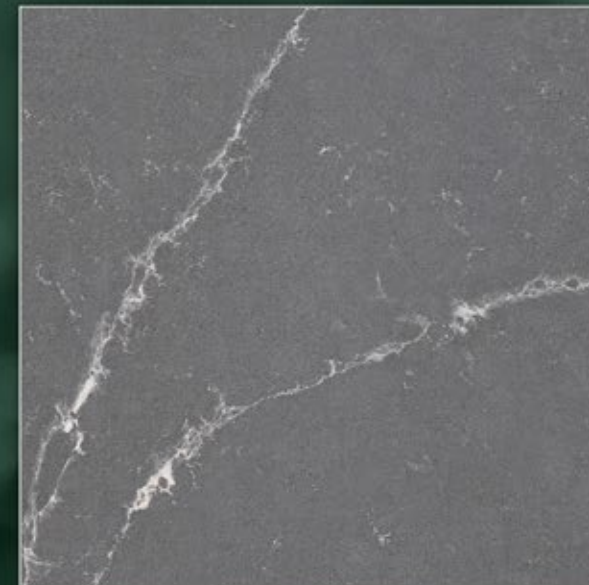

Unlock the Secrets of Your Emotions

A dream world lost in the infinity of white journeys to the deepest and most mysterious corners of emotions. With secrets hidden in its veins, it is the key to an emotional adventure. The dance of passion and elegance shines like a dream in the pure texture of white.

The EMOTIONAL Collection draws inspiration from this mysterious world. Its long-veined structure reflects the intertwined nature and beauty of emotions. Each piece makes you feel like a traveler wandering through the pages of a fairy tale. It brings emotional mystery and curiosity to your living spaces, stimulating your imagination.

ULTRA COLLECTION

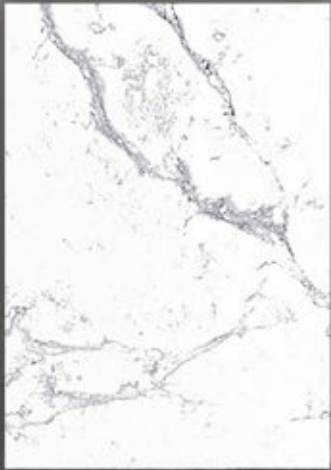

Every Detail, a Celestial Wonder

The sky is the stage of endless stories, where each star is a character and each cloud is a scene.

The ULTRA Collection reflects the soft texture of this magical stage and the magnificence of its thunder. In each vein, the enchantment of art and the sensitivity of nature are felt, bringing to life the mysterious tale of the sky in every piece.

Underneath the sky begins a fairy-tale adventure, and the ULTRA Collection adds elegance and sparkle to this adventure. Filling your living spaces with the magical atmosphere of the sky, it offers discovery and admiration in every detail.

GUSTO COLLECTION

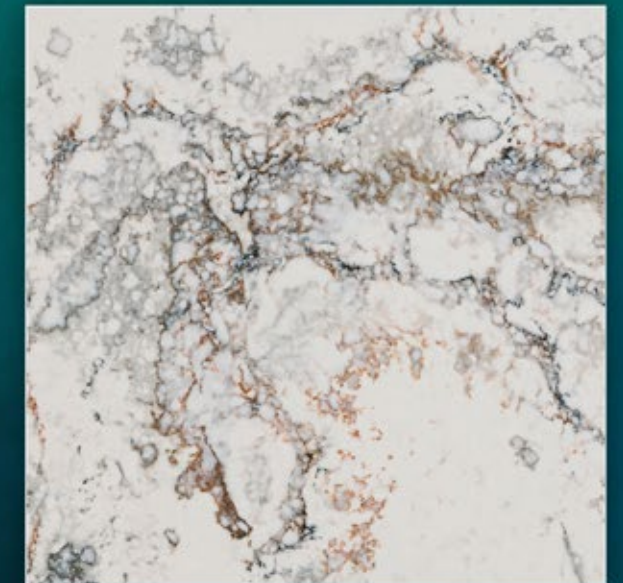

Bridge Between Peaks and Nature's Breath

The sound of nature resonates in the silent peaks of the mountains. Drawing inspiration from the essence of nature, it brings peace and energy to living spaces. Each vein narrates the serene power and elegance of nature, inviting you on a journey of balance and tranquility.

It builds a bridge between the silent cries of the mountains and the powerful breath of nature. The GUSTO Collection brings the magic of nature and a sense of balance to your living spaces, inviting you to explore with every touch.

Adds Value

IT ADDS VALUE WITH ITS ENVIRONMENTALLY AND SOCIALLY-RESPONSIBLE AND NATURE-FRIENDLY APPROACH.

We recycle our water and minimize water consumption.

We generate our electricity with solar panels installed at our factories.

We optimize distribution and logistics processes by establishing logistics centers for distributors.

We develop eco-friendly products to reduce chemical usage.

With our non-disposable products, we contribute to sustainability goals by minimizing environmental waste.
